

Sponsor & Exhibitor Information

The IEEE International Workshop on Antenna Technology (iWAT 2022) event is accepting sponsorship and exhibit applications. iWAT is an annual forum for the exchange of information on the progress of research and development in innovative antenna technology. It especially focuses on small antennas and applications of advanced and artificial materials to the antenna design. You will find the format of our exhibit show especially designed to maximize your connectivity and minimize your costs. The sponsorship and exhibitor opportunities available at iWAT 2022 include the standard packages listed below. Alternatives are available to suit your requirements, please email the Exhibit Chair (g.conway@qub.ac.uk) for more information.
